

PRODUCT DATA SHEET

**Solari**

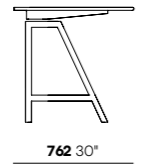

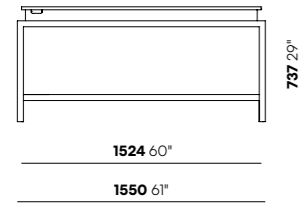

Product design consultant: Gensler

**EN** Solari is the benching system that combines stellar performance with out-of-this-world style. Based on an electrically controlled, height adjustable worksurface, desks can be configured across the open plan and accessorised with divider screens and storage elements that give every occupant a sense of personal space all while enabling interaction and teamwork.

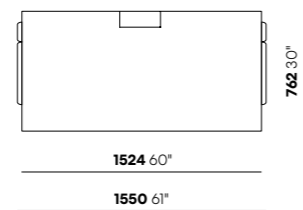

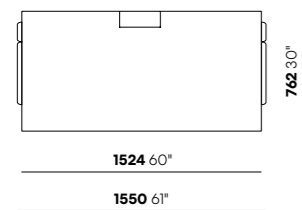

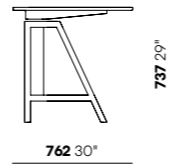

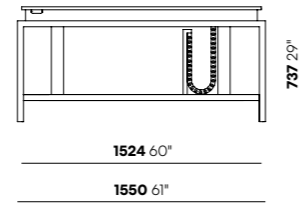

**IT** Solari è il sistema a bench che unisce prestazioni elevate con un design fuori dal comune. Caratterizzate da una superficie di lavoro regolabile elettricamente in altezza, le scrivanie possono essere configurate per spazi aperti e accessoriate con schermi divisorii con pannello in tessuto fonoassorbente, e integrate con elementi di archiviazione che danno a ogni lavoratore una sensazione di privacy, pur consentendo l'interazione e il lavoro di squadra.
